Dear Customer,

The Product Information section is intended to help you understand your insurance policy documents.

The content and scope of each party's rights and obligations in respect to the other party are governed exclusively by your insurance policy and the Terms and Conditions (T&C).

Your insurance contract is governed by Swiss law, in particular the Swiss Federal Law on Insurance Contracts (VVG). Contracts that include reference to the Principality of Liechtenstein are subject to the law of the Principality of Liechtenstein to the extent that compliance is mandatory. In such a case, the "Additional provisions for insurance contracts subject to the law of Liechtenstein" apply in addition to these T&C.

1. Your contracting party

2. Scope of the insurance cover

A full general description of the insurance cover and its restrictions can be found in the T&C. Your selected insurance cover and individual details, such as the agreed sum insured, can be found in your insurance policy.

All cover is designed as indemnity insurance.

The SHAREasy Drive insurance insures the person who rents against payment or borrows free of charge a third-party vehicle for a limited period via a sharing platform as the policyholder and main driver, as well additional specified drivers, depending on the agreement in the insurance contract, against the following.

- **A recourse claim for compulsory motor vehicle liability insurance**
The insurance applies in addition to the existing compulsory motor vehicle liability insurance.
- **Own damage to the rented vehicle**
The insurance covers damage to the rented vehicle.
- **Deductible and loss of no-claims bonus of the vehicle owner**
The insurance covers the deductible and the loss of the no-claims bonus from the motor vehicle liability and comprehensive insurance of the vehicle.

- **Damage in the interior of the rented vehicle**
The insurance covers all components in the interior or passenger compartment, as well as in the boot or storage compartment. In motor homes and caravans, the electrical equipment (such as refrigerator, boiler, TV), the furniture in the living compartment including windows and blinds, and the entire gas, drinking water and wastewater system are all included in the insurance cover.
- **Costs due to breakdown assistance**
The insurance covers costs for roadside breakdown assistance and towing of the insured vehicle, organisation and payment of the costs for the driver and all passengers to travel onward or home, for any necessary overnight stays and for the return transport of the unroadworthy vehicle.
- **Cancellation costs for vehicle rental**
The insurance covers the cancellation costs for the vehicle rental if the rent does not occur, for example as a result of illness, accident or unemployment.
- **Damage, destruction and theft of luggage**
The insurance covers damage caused by destruction or theft of the luggage, as well as costs incurred as a result of delayed delivery of the luggage.

3. Right to cancel

Your application to take out the insurance contract or your acceptance declaration of the proposed contract can be revoked in written form or through textual evidence. Your revocation is effective, and your insurance cover will terminate, if the revocation notice is received by Baloise within 14 days of the contract being delivered. The date on which the contract is received is decisive for the start of the revocation period.

Revocation results in your insurance contract becoming ineffective from the outset. You are, however, obliged to assume any external costs incurred in connection with the conclusion of the contract. Premiums that you have already paid will be reimbursed.

4. Period of validity and geographical scope

Your insurance covers loss or damage that occurs (property insurance) or was caused (liability insurance) during the term of the policy. Please refer to the T&C and your insurance policy for information on the geographical scope of application and details of the period of validity.

Product Information

5. Commencement of insurance cover

Insurance cover commences upon the substantiation of the rental or sharing relationship or use of the vehicle.

6. Premium

Premiums are charged in advance or arrears together with the rental or sharing price based on the duration of the rental period or period of use.

7. Your other obligations

In the event of an emergency or claim, please notify Baloise Customer Service immediately, which can be reached 24 hours a day worldwide by calling this number: 0800 24 801 1 or +41 58 285 28 28 from outside Switzerland if you are unable to get a connection.

The claims notification can also be submitted via online claims notification (link according to the confirmation email of the vehicle rental).

Please notify the police immediately in the case of theft, or if persons or wild animals are injured or killed in a traffic accident. In the case of all other traffic accidents, you must first notify the person who has sustained damage and, only if this is not possible, the police. In cases where it is not necessary to involve the police, we recommend completing the blue European accident report together with the other party to the accident. You can order this for free via our customer service.

During and after a loss event, you must make arrangements for the preservation of the insured property and take appropriate action to assist in minimising the loss (salvage and loss mitigation obligation). Likewise, you must refrain from altering the damaged items in a way that would make it more difficult or impossible to determine the cause and monetary amount of the loss (prohibition of alterations). You must provide all information about the loss and provide any supporting details needed to substantiate the claim to indemnity (duty to inform). You must provide proof of the claim amount (receipts and supporting documents).

If you culpably violate any of the aforementioned obligations, Baloise may terminate the insurance contract. If the culpable breach of the obligations influences the occurrence or scope of the loss, Baloise is entitled to reduce or even refuse benefits.

8. Culpable causation of a claim event

You will receive full benefits if the loss was caused by minor negligence. However, Baloise may reduce the benefits if the loss was caused as a result of gross negligence (breach of basic safety rules).

9. End of insurance cover

The insurance cover ends upon termination of the rental or sharing relationship (return of the vehicle) at the latest.

10. Data protection

To establish contracts efficiently and correctly, we rely on the processing of your data. When doing so, we comply notably with the applicable data protection legislation.

General information on data processing: We process the data concerning you that is relevant for concluding and implementing the contract and for settling claims (e.g. personal details, contact details, the details that are provided in the case of specific insurance products or information on previous insurers and previous claims). The data that is processed consists primarily of the information that you provided in the insurance application and, if applicable, any further information from any later claims notification. Eventually we may also obtain personal details from third parties if these are required to conclude the contract (e.g. authorities, previous insurer).

Purposes of data processing: Your data will only be used by us for purposes which we pointed out to you on their collection or for which we are obligated or entitled by law to process. We process your data primarily in order to conclude the contract and to assess the risk we are to assume, as well as to implement the contract and eventually settle claims (e.g. to issue the policy or invoices).

We also process your data in order to fulfil statutory obligations (e.g. supervisory requirements). Finally, we also process your data, to the extent permitted by law, in connection with product optimisations and for marketing purposes (e.g. advertising for products or market surveys and opinion polls). You have the right to inform us in writing if you do not wish to receive advertising. To the extent that we have a legal basis for our data processing, we comply to the requirements set out in the legislation in question.

Product Information

SHAREasy Drive

In the event of a claim, we transmit anonymised data (e.g. type of claim) for statistical purposes to the provider of the sharing platform. This data cannot be traced back to you as an individual. If there is an unusual accumulation of claims within a certain period, we may also transmit personal claims data (e.g. first name and last name) to the provider of the sharing platform, in order for the latter to check possible consequences for the contractual relationship between the provider of the sharing platform and the landlord/renter (e.g. requirements for termination).

Consent: We may require your consent to process your data. Your insurance application and your claims declaration contain a consent clause in which you authorise us to process your data in due compliance with the law.

Sharing of data: To assess the risk relative to the new contract or to evaluate any previous claims, we may contact previous insurers, co-insurers and reinsurers that are party to, or involved in, the initiation of the contract or claims settlement (e.g. previous insurers regarding the previous claims experience), companies of the Baloise Group or other third parties (e.g. authorities or loss adjusters).

In addition, we may be obliged to transmit your data to other recipients, such as authorities, to fulfil statutory notification obligations (e.g. tax authorities or prosecuting authorities).

Intermediaries receive the necessary information to support and advise customers based on the data that we have on file. Intermediaries are bound by law and contract to respect their obligations of secrecy and to comply with the applicable data protection legislation. Independent intermediaries may only consult this data if they have been specifically authorised to do so by the customer.

To provide you with comprehensive and reasonably priced insurance cover, some of our services are also provided by legally independent domestic or foreign companies. These service providers are contractually obliged to adhere to our standards for the processing of data, as well as to the applicable data protection legislation.

Insurance fraud: "CarClaims-Info"

To combat fraud in the field of motor vehicle insurance, we, like most other insurance companies, provide SVV Solution AG, a subsidiary of the Swiss Insurance Association (SIA), with vehicle-related claims data that are recorded in the "CarClaims-Info" database.

Through the use of "CarClaims-Info" it is possible to check whether a registered vehicle claim has already been settled by another insurance company. If there are reasonable grounds for suspicion, the companies may share relevant data (e.g. vehicle expertise, indemnification agreement). Compliance with the applicable data protection legislation is assured at all times.

Reference and information system (HIS): In order to prevent and detect cases of insurance fraud in the Non-Life segment, we are connected to the reference and information system Hinweis- und Informationssystem (HIS) provided by SVV Solution AG. If a specifically defined scenario justifying a report arises (e.g. suspicion of insurance fraud), the insurance companies that participate in the HIS enter the names of the individuals in question in the system. We can query the HIS in connection with claims settlement and use the data transmitted to check whether information concerning you has been saved as part of a report in the past. In case of doubt we can conduct a more in-depth review before settling the claim. Compliance with the applicable data protection legislation is assured at all times.

You can find detailed information on HIS and the list of reasons justifying a report at www.svv.ch/de/his.

Your rights in relation to your data: Under the applicable data protection legislation, you have the right to ask us whether we process data related to you and, if so, what data we process. You can also ask for incorrect data to be rectified and, subject to certain conditions, erased. Under certain circumstances, you can also ask that the publication/ data output /production of files or transmission of data you have provided us be made in a commonly used electronic format.

If data processed is based on your consent, you have the right to revoke this consent at any time. If consent is withdrawn, this will not affect the legality of the processing carried out based on the consent previously given, up until the date of its withdrawal.

Retention period: In accordance with our data retention policies, your data will only be stored by us for as long as is required for the aforementioned purposes and for as long as we are legally or contractually obligated to store it. As soon as your personal data is no longer required for the purposes set out above, it will be deleted.

Terms and Conditions

1. General provisions

1. Purpose of the SHAREasy Drive insurance

The SHAREasy Drive insurance insures the person who rents against payment or borrows free of charge a third-party vehicle for a limited period via a sharing platform as the policyholder and main driver, as well additional specified drivers against the following events:

- right of recourse of the compulsory motor vehicle liability insurance due to the exclusion of commercial/hire against payment of the vehicle
- own damage to the rented vehicle;
- claim of deductible and loss of bonus of the vehicle owner;
- damage in the interior of the rented vehicle;
- costs due to breakdown assistance for the rented vehicle;
- cancellation costs;
- damage, destruction, theft loss of the luggage.

2. Commencement and termination

Insurance cover commences upon the substantiation of the rental or sharing relationship or use of the vehicle and ends upon termination of the rental or sharing relationship (return of the vehicle) at the latest.

If the policyholder transfers their place of residence or registered office from Switzerland to a location abroad (with the exception of the Principality of Liechtenstein), the insurance will expire on the date of the transfer (confirmation of deregistration or the deletion of the company from the Swiss Commercial Register).

3. Premium and deductible

Premiums are charged in advance or arrears together with the rental or sharing price based on the duration of the rental period or period of use. In the event of a claim, the policyholder will bear part of the loss themselves (deductible) if this has been agreed.

4. Period of validity

- Insured events are limited exclusively to the time period of the rental duration.
- Exception for cancellation costs: insured events, benefits and costs are limited exclusively to the time prior to commencement of rental, i.e. before picking up the vehicle.

5. Geographical scope

The insurance cover is valid in Europe, plus Morocco, Tunisia and Turkey. Cover is excluding Kosovo, the Russian Federation, Georgia, Armenia, Azerbaijan and Kazakhstan. If the vehicle is transported by sea, then the insurance cover remains in effect provided the departure and destination points are both within this territory.

6. Duty of care

The policyholder is obligated to observe a duty of care and must take the measures that are appropriate under the circumstances in order to protect the insured property against the insured risks.

7. Notification in the event of a claim

Baloise must be notified immediately on 0800 24 801 1 (in the event of difficulties connecting from abroad, on +41 58 285 28 28) or via online claims notification (link according to the confirmation email of the vehicle rental). In the event of theft, the police must be notified immediately.

8. Burden of proof

In order to substantiate a claim for indemnity, the necessary documents (e.g. invoices, receipts) or the renter's statements must be submitted to Baloise. The sum insured does not constitute proof of the existence or value of the insured item at the time the loss or damage occurs.

9. Written form and textual evidence

These Terms and Conditions are based on either written form or textual evidence for compliance with the formal requirements that apply to statements. Statements made merely verbally or by telephone are only considered to be valid if their receipt has been confirmed by Baloise in writing or electronically.

If statutory or contractual provisions explicitly require the use of the written form, then this refers to the requirement for a statement signed by hand.

If statutory or contractual provisions specify the use of textual evidence as the formal requirement, then this allows the use of both the written form and any other form that enables documentary evidence to be provided through textual evidence. Statements may also be submitted in a legally valid manner without a handwritten signature using electronic means, such as email, letter without original signature and fax.

Terms and Conditions

SHAREasy Drive

10. Waiver of defences vis-à-vis the vehicle owner

In the event of breaches of obligations with regard to the authorised driver, Baloise waives the right to assert possible defences against the vehicle owner.

11. Secondary coverage

All Baloise services under this contract are subsidiary to all third-party insurance benefits due for the same incident.

12. Reduction in benefits

In the event of a culpable violation of statutory or contractual stipulations or obligations, the indemnity may be reduced to the extent that the violation influenced the occurrence, scale or verifiability of the loss or damage, unless the policyholder proves that the behaviour has not influenced the occurrence, scale or verifiability of the loss.

Baloise is entitled to reduce or even deny benefits if the damage is the result of gross negligence or wilful intent.

In the event of a claim, Baloise may seek recourse or reduce or deny benefits if the insured person resists measures to establish their inability that were ordered or which the insured person had to reckon with, flees or frustrates the purpose of these measures. In this case, the recourse or reduction is at least 20%.

13. Priority of the insurance conditions

These insurance conditions have precedence over any general terms and conditions or lease agreements of the sharing platform.

14. Due date of the insurance claim

Indemnity will only become due if there are no doubts about the legitimacy and amount of the claim and no police or criminal investigations relating to the policyholder or an insured person or eligible claimant are pending in connection with the loss event.

15. Place of jurisdiction

In the event of legal disputes, the policyholder as well as the insured person can take legal action either at the registered office of the insurer or at their domicile or place of residence in Switzerland or Liechtenstein.

16. Legal basis

In all other respects, the provisions of the Swiss Federal Act of 2 April 1908 on Insurance Contracts (VVG; Council of States 221.229.1) apply.

2. Liability

For insured events in countries within the geographical scope of cover where higher sums insured are prescribed, the statutory minimum sum insured prescribed in those countries applies.
